Changing weight! Milk is your key, say nutritionists at VPI.

With June as National Dairy Month, the nutritionists remind dieters that in good-date diets for either losing or gaining weight milk is needed on as a basic food.

When losing pounds is the goal, milk pays its way by contributing generous amounts of protein, calcium and other needed nutrients in relation to a very moderate number of calories. For the calorie minded, a pint of whole milk or almost a quart of skim milk.

Research has shown that you can get along best during slimming when more protein than usual is in the diet. It's an added reason for including a good deal of milk, particularly skim milk or buttermilk, in reducing diets.

For those who count calories, here are approximate figures showing calories in milk and milk products.

In one cup (½ pint) of fresh fluid whole milk, 165 calories; fresh fluid skim milk, 85; buttermilk, 85; half-and-half, 330; chocolate-flavored milk drink, 185; malted milk drink, 280; and evaporated milk diluted with equal water, 175.

In ½ cup of ice cream, 150 calories; milk sherbet, 120; or cottage cheese, not creamed, 110.

Nutritionists consider calcium an essential mineral that many people need chiefly when they are trying to get enough of milk to meet their needs for nutrition. But it is one of the best 100 different kinds of foods known, and is rich in other nutrients. The nutritionists' recommended amounts for adults are 1½ pints or 3 glasses, 1 quart or more for pint or more; expectant mothers, 1 quart or more; nursing mothers, 1 quarts.

Coble Plant Here Sold To Wisconsin Firm

White House Milk Co., will take over the Coble Dairy Products Cooperative plant at South Boston, Va., and the co-operative's three intake stations at Fork Union, Appomattox and Monetta, the change to be effective as of July 1. This announcement was made by L. T. Davis, company president. The South Boston plant will be the first operated by White House outside of Wisconsin, where the company has its main evaporated plant at Manitowoc.

The agreement worked out with Luther S. Allen, general manager of Coble Dairy Products, Inc., included the three above-mentioned intake stations, where fluid milk is collected.

A White House company spokesman said the present milk suppliers would be retained, and a majority of the operating employes at the main plant and the three intake stations would be offered employment.

Davis said that the opening of the new plant in the South was a logical move because during the past decade, industry production of evaporated milk has increased 71 per cent in the Southeast and declined 41 per cent in the Northern area. "This," he said, "emphasizes a trend that White House must follow to remain successful."

County Pasture Tour

CONNER GIVEN LIFE MEMBERSHIP IN JAYCEE

Above: State Jaycee President R hae Adams presents award to "Billy" Conner, as "Outstanding Jaycee of 1957."

Henry Wellington ("Billy") Conner was presented the "Outstanding Jaycee of 1957" award here on Saturday evening, when the annual banquet was held by the Appomattox County Junior Chamber of Commerce at the Appomattox Garment Company cafeteria. This was a joint installation meeting of the Jaycees and Jaycettes, with State President Rhae Adams as installing officer.

In presenting this initial award voted Conner by the Appomattox Jaycees, Mr. Adams reviewed the outstanding and time consuming club work done by the honoree. Mr. Conner was active in the organization of the Jaycees here in 1955, and was the club's charter president. In 1956-57, he served as the club secretary and was named parliamentarian for the 1957-58 club year.

"Jaycee Comments," a newsy and informative club paper has been edited by Mr. Conner since its initial publication in 1956.

Mr. Conner is not only active in Jaycee work, but also in civic, church and social life of the county. He is a member of the Appomattox Volunteer Fire Department; is a steward in Memorial Methodist Church; publicity chairman of the Red Cross Fund Drive, and served as treasurer of the March of Dimes Drive.

The award to Mr. Conner was accompanied by a certificate of Life Membership in the Jaycees.

On Vacation For Fourth

Appomattox was all set to begin a "long week-end" this afternoon, as virtually all payrolls and business places planned to observe the Fourth of July. Local payroll industries will close this afternoon to reopen Monday morning. Most business places will be open Saturday. Banks, the post office, etc. will be closed Friday.

Scores of families are taking advantage of the "long week-end" to seek relief from the current heat wave, either at the beach or in the mountains. Others will converge on nearby Holliday Lake.

JULY 4TH, TRAFFIC TIPS

Richmond, Va.- With the approach of the Fourth of July week-end holiday, Colonel C. W. Woodson., Jr., Superintendent of State Police and Chairman of the Governor's Highway Safety Commitee, noted that 48 people have been killed in Virginia traffic during the past five Fourth of July holidays.

The worst score, he said, was in 1953, when 21 people died during a 54-hour period. Since the Fourth will fall on a Friday this year, the holiday period will extend, for statistical purposes, for 78 hours. With the Fourth falling on a Monday in 1956, the comparable 78-hour weekend cost 10 lives.

"As with other week-ends during the vacation months," Colonel Woodson observed, "heavy traffic combined with drinking, exhaustion, speed and competiveness to kill." He felt the general holiday mood leads people to drink and take chances on driving when they would not do so otherwise and that the desire to get to a destination as soon as possible, was responsible for excessive speed and other "in a hurry" indiscretions. Late hours and unusual exercise can very easily result in fatal fatigue, he said.

"Proceed cautiously and yield the right of way quickly, even if it is yours, and remember that no two bodies can occupy the same space at the same time," he warned.

Colonel Woodson noted further that most holiday crashes are the single-vehicle type which involve only one automobile and point strongly to speed, inattention or physical disability for driving.

COUNTY FAMILY LOST ALL IN FIRE

An Appomattox County family lost all of their possesions Thursday afternoon when their home was destroyed by fire when struck by lightning. During a severe storm, the home on the farm of Marvin Reynolds occupied by Mr. and Mrs. Aubrey Gunter and family, was hit and virtually nothing was saved as the fire quickly razed the property. The house, known as the Tanyard Place, near Town Hill, was one of the oldest in this area, said to have been erected in 1812.

Another house has been made available, to the Gunter family, a total of eleven, and neighbors and friends have rallied to their aid and made generous donations of food, clothing and furniture.

Ten Appomattox farmers have signed up to attend a tour of the Beltsville Experiment Station at Beltsville, Md., on July 10 and 11. It is planned to attend the Washington - Detroit baseball game the night of July 10. The group will leave from the county agent's office at 6:30 A. M. on the 10th and return around 8:30 P.
